ADOPTED MOTION

Support of a just solution of the Cyprus problem

The 2nd Congress of the European Left:

Expresses its support for a just and viable solution of the Cyprus problem to be sought within the framework of the United Nations and on the basis of the UN resolutions and the high-Level Agreements, with respect to International Law.

A solution that will reunify Cyprus and its people-Greek Cypriots and Turkish Cypriots- in a bizonal and bi-communal federation, where human rights of all Cypriots will be respected.

In this regard, it expresses its support to the process based on the agreement of July 8 2006, and calls for its implementation without further delay.

It reiterates its support to rapprochement between the two communities and to bi-communal activities contributing to this end.
